Branding

“I don't want to be interesting.
I want to be good.”

~ Ludwig Mies van der Rohe ~

I was born on 15/07/1994 in Burdur.
I live in İstanbul.

I studied Anatolian Technical & Industrial Vocational High School in the field of Electrical / Electronic Industrial Maintenance and Repair. (2008/2016)

Then I decided to pursue my dream.

I Studied at the department of Interior Architecture in Near East University in Nicosia / Cyprus (2012/2016)

"Saffet Kaya Bekiroğlu" I had the opportunity to work with him in different concept projects.

3Ds Max/Vray/Autocad/Skechup/Lumion/Photoshop

I worked as an Interior Architecture office specialist presentations at Antalya in Turkey.

In 2016 I Moved to Istanbul.

In 2017 I Started working as a 3D Artist and Concept Designer at IDEALIST Architecture at Beyoglu / Istanbul.

In 2018 I started working as a 3D Artist and Concept Designer at AGS Architecture at Besiktas / Istanbul.

I had the opportunity to work in TAV Airports' domestic and international airport interior primeclass lounge projects.

I still work with the same team.

I have a good level in English speaking, writing and reading skills.

My hobbies:

I played Electric Guitar.

I sketch and do watercolour paintings.

I am interested in all kinds of computer programs.

I am particularly interested in Animation, Visual Effects and Game Engines.

After Effect - İllüstratör - Unreal Engine4 - Unity

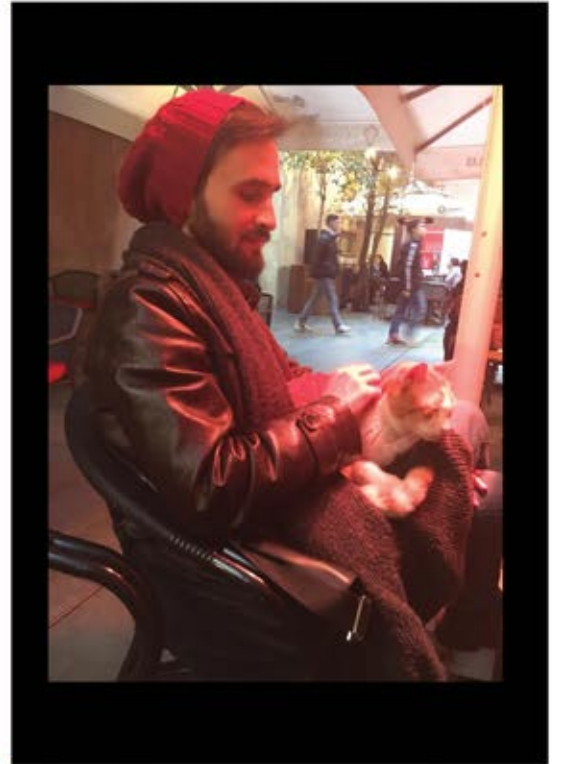

I started the programs as a hobby but I think I can integrate it into my profession.

I would like to specialize in the field of 3D modeling, animation and virtual reality in the short term.

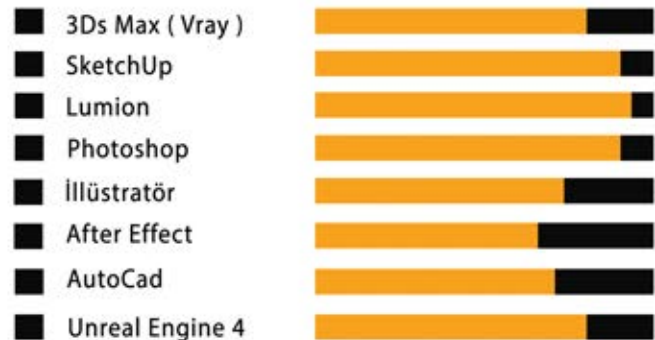

Furthermore, I plan to learn new design languages, specialize in site management and develop my material knowledge.

Finally when I am ready, I aim to be involved in projects in Turkey as well as projects abroad and to implement my designs.
